

## **All Saints Catholic School Named Ohio Lottery's 2024–2025 School of the Year!**

We are thrilled to announce that **All Saints Catholic School** has been selected as the **Ohio Lottery's 2024–2025 School of the Year!** This prestigious recognition celebrates our school's exceptional commitment to student growth, instructional innovation, and academic excellence.

### **Transforming Literacy: K–3 Reading Program**

At the heart of this honor is our **revamped Kindergarten through 3rd Grade reading program**, built on the **Science of Reading** and rooted in **explicit phonics instruction**. This comprehensive initiative has included:

- **Rigorous teacher training** and professional development
- **Adoption and alignment of evidence-based curriculum**
- **Consistent instructional coaching and program coordination**
- **Focused intervention and progress monitoring systems**

The results have been outstanding—students are demonstrating measurable growth in literacy skills, confidence, and overall academic readiness. We're proud of how this program has supported every learner and contributed meaningfully to their educational journey.

## **Commitment to Growth & Improvement**

Our literacy success has been a community effort, and we are incredibly grateful for the Ohio Lottery's recognition. However, the work doesn't stop here. We remain deeply committed to reflection, improvement, and innovation.

Looking ahead to the **2025–2026 school year**, we are excited to announce that **grades 2–5 will move to a departmentalized model**. This change will allow teachers to focus even more deeply on their instructional areas and offer students a more enriching, specialized academic experience.

We thank our incredible **teachers, support staff, and families** whose dedication and collaboration make All Saints such a dynamic and faith-filled learning community. And of course, we thank the **Ohio Lottery** for this wonderful honor.

Come see what makes All Saints Catholic School an award-winning place to learn, grow, and thrive.
